Newsletter No.24 March, 2018

DHM-Uganda, our Love and the support to you all!

We are happy, thankful and grateful of your support! It is the reason for that smile!!!! It is because of you.

DHM now runs three pre-schools in three different locations and this child is one of the children at the pre-school and she is need of wheel chair as a support for her studying! Do you want to give toward her support?

Two children under this program need special care and it is a challenge but with your support, we will continue to bring a smile!

DHM's heart is to bring hope to the orphaned, youth, widowed and rebuild broken walls in Nations.

These children are supported and helped through DHM and thanks for the support.

You can sponsor a child with 25USD per month and this will help with fees and school requirements.

Divine Pre-School and Day care

DHM opened another Pre-school in Butema community, beginning of this year 2018.

We are using the church space and a small room which is the kitchen but now a classroom.

It is another good challenge and the school has now 55 children in a small place with few chairs.

We welcome teams, short term and teachers!!!

Do you want to donate?

Divine Pre-School Butema

Youth Ministry and Vocational

The vocational school, started on 26th with the tailoring class both in Njeru and Maligita.

Sponsorship program

We thank all of our friends and partners for supporting, now over 150 children go to school every day. Bright future for them and one of child was made pregnant by a young man, which is sad but the issue was reported to the police and the girl now under vocational training.

By Fred and Judith Kiwanuka

We have managed to put up playing tools for maligita Pre-School and we do thank God for the provision as it is now the second year with 15 children.

With Maligita Pre-School, we have a widow with 5 children and was thrown out of the house. She was renting after failing to pay the rent fee.

Now we do have one child here at Njeru and the rest still in Maligita, feeding all together and teachers (3).it is a big challenge too.

DHM main campus continues to feed over 30 children three meals a day which has been very hard during the school holiday were we had more children with us.

Thanks to NBMC, community for the support!!!

Here is the DHM main campus!!!

Happy to report that the small dining and small store which is working as kitchen, are now working! We do thank God for the breakthrough!!!

Women Ministry

The women of hope, has started on skills development and this time on they are making Vaseline which is going to help on the household income as a family and those that have been affected by family violence and rap.

Coming on soon is making soap bars and the moods to be used are already in place and waiting for the training to start.

Women of Hope retreat coming on 30th of June!!!!

Divine Holistic Ministries

Coming up: Women of Hope retreat do not miss out on it, the updates continue on our daily facebook page!
