Judith was invited to go to India to one of the YWAM bases to tell about the success of the Women of Hope groups in Uganda with hope of spreading the Hope of Jesus to other women around the world.

Fred has been under treatment for dangerously high blood pressure. He must make many trips to the Jinja hospital for monitoring. He is on medication and this week was to have an ECG echocardiogram but did not have funds to pay for it. He had an EKG for the first time. Pray for his health to improve.

The sponsorship children are growing and doing well in school. Our nursing student is doing well and continues to need your prayers and support to progress in his studies. Our law student is working hard to accomplish what most Ugandan children can only dream. Many of our first sponsorship children have or are in the process of testing to progress to another level of studies. Pray for them as they prepare to move up.

The Sponsorship children's Christmas party is scheduled for December 20th this year. This is an annual celebration for all the children. Pray for provisions for this event.

Plans for the 2020, 10th Anniversary Celebration continues. All staff are working hard to get things in order for this anticipated four day event.

Just a reminder, please check and see that you are up to date on your sponsorship. Your gifts continue to make a world of difference a world away to a child in need. Thank you again for being the hands and feet of Jesus to the least of these.

I continue to collect funds for 200 pair of "The Shoe that Grows" to bring to the children in June 2020. I have donation certificates that can be given as gifts to your loved ones at Christmas. Give a gift that give twice. Please let me know how many you need. I can get them to you in time for Christmas.
